GOV. MCCRORY'S **H.B. 2** FLUSHED LOCAL POWER, DECADES OF
WORKPLACE RIGHTS DOWN THE TOILET

BAD

Municipalities are forbidden from requiring that employers in their area provide greater wages or benefits than the legislature deems appropriate.

WORSE

They can't even require contractors with whom they spend your tax dollars to pay living wages, offer paid leave, or not discriminate.

Gov. Pat McCrory signed H.B. 2 into law less than 12 hours after it was introduced on Mar 23 - and has been defending it ever since.

WORST

Employers now can fire **ANYONE** because of their religion, race, color, national origin, age, sex, or disability without fear of being sued in state court. In less than 12 hours, North Carolina abolished 30 years of legal protections against workplace discrimination, joining Mississippi as the only other state to prevent working people from having their day in state court.
